

Communication Technician

Full Time Technical

Denver, CO, US

Today Requisition ID: 1532

Salary Range: \$32.44 To \$36.80 Hourly

Communications Technician

Denver Transit Operators (DTO) is a privately held company that has a 29-year contract with RTD to operate and maintain the commuter rail system within the Greater Denver Metro area. We currently have an open position for Communications Technician. The Communications Technician is responsible for inspection, testing and repair of the commuter railroad network and communications infrastructure, including voice, data, and signal and train control, CCTV, PA/VMS, and network security services.

Pay:

Our communications Technicians can expect to earn an hourly salary \$32.44 to 36.80, depending on experience.

Description of Duties:

As a Communications Technician, you will receive classroom and hands-on training as part of a formal training program. We will teach you the dynamic workings of our commuter railroad network, as well as the communications infrastructure. The duties of the communications technician employees include, but are not limited to:

- Maintenance, inspection, testing, configuration, and repair of communications systems and equipment.
- Alignment, adjustment, and calibration of instruments and equipment as a result of testing.
- Troubleshooting of faulty equipment, electronic components, and circuits to locate defects and diagnose causes of malfunction.
- Replacement and repair of defective wiring and components, and/or adjustment of mechanical parts.
- Maintenance of records of inspections, repairs, calibrations, and tests in the asset management system.
- Maintenance, inspection, testing and repair of the Operations Control Center (OCC) system and wayside equipment along all corridors.
- Coordination with 3rd parties in maintaining DTO communications systems.

- All other work assigned by the Company in its sole discretion as Communication's work.

Qualifications:

- Associate's degree in electronic/computer technology or equivalent experience
- Minimum 3-years experience working electronic diagnosis and repair preferred
- Experience in railroad train control inspection, maintenance and repair preferred
- Ability to prioritize and accomplish multiple tasks with minimal supervision
- Ability to work nights, holidays and weekends, including working overtime as needed
- Must possess a valid state driver's license
- Must pass a pre-employment physical examination and drug test

This is a safety sensitive position subject to the rules & regulations of the Federal Railroad Administration and their Drug & Alcohol policy.

Physical Requirements:

Candidates may be required to perform the following physical activities.

- Must be able to climb towers up to 40 feet high.
- Sit/stand for sustained periods and work in outside environmental conditions such as extreme heat or cold.

Benefits:

- We provide uniforms & launder them for you!
- You will receive a pair of Redwing work boots.
- Paid holidays
- PTO & Sick Leave Pay
- Medical, Dental, Vision & 401(k)
- Ability to work in a clean state-of-the-art repair facility
- Free RTD Light Rail & Commuter Train pass

Why Should You Apply?

If you are looking to join a railway family that truly cares about you and your success; want work with new technology, hone your maintenance skills and do cool things, this is the place for you! Please apply by submitting your resume to us. We look forward to hearing from you!

Applicants who are authorized to work in the US will only be considered for this position. DTO is an Equal Opportunity Employer.
